This project/effort was designed to limit the paperwork distributed within the Elementary School by being more “green” and most importantly-shopping local. Events will not be restricted to the First Thursday of each month, however we do request that it is specified with time frame and be restricted to the current month. We will ONLY list information for the current month and NOT rollover into following month. Information will be provided on Chamber web site with link on City’s web site and on Facebook (posted a minimum of 4 times).
